- Count to 100 by tens and ones
- Write numerals 1-5 to answer how many questions
- Count out enough objects and write the numeral
- Understand the meaning of zero and write the numeral

Science:

- Living and Nonliving

Reminders

We have our state Kindergarten assessments on Wednesday and Thursday. Computers must be charged! Please make sure that students get plenty of rest and arrive at school before 7:40 so they have a chance to eat breakfast before the assessment. If your child wears glasses, make sure they have them on Wednesday and Thursday.

PBIS Luau Reward is Friday. The cost to attend is \$25 Linwood dollars. All Kindergarten students have at least \$25. If they are wanting to attend the Luau, they are asked to wear a plain white shirt on Friday.

Please come out and join us for our annual Math Night on Tuesday September 10, for a hands on learning experience! Don't forget to become a member of our PTA while you are here. The annual joining fee is \$10. I look forward to seeing each of you there!
